

Opportunity for junior web/print designer

THE JOB:

Looking for an opportunity to join a young, fast growing design team, working on logos, stationery, brochures, websites, flash banners and all forms of interactive online media?

We have an opportunity for a designer to work part-time or full-time across a broad range of design related tasks.

THE COMPANY

Nashweb Design is a rapidly expanding multi-media design company with a strong focus in online media. Our clients range from large financial institutions, manufacturing companies, IT companies, PR agencies and fine artists.

Due to the ever growing list of clients we need more fresh creative talent to add to our team of designers and developers.

YOUR SKILLS

- Able to create quality concepts for web/print design briefs.
- Proficiency across the Adobe CS3 Suite
- MUST know Illustrator and Photoshop. Knowledge of Fireworks and Flash will be big plus!
- Having a good understanding of the restrictions involved in web design is an essential and knowledge of HTML and Dreamweaver will put you at an advantage.
- Innovative in your design communication whilst being realistic about producing corporate solutions.
- Design work demonstrates strong attention to detail.
- Be a great communicator and flexible team player.

Immediate start for the right person.

Please send resume and covering letter to contact@nashweb.com.au, with links to your online portfolio or examples of web design work.
